Instructions

1. Print out the pages on white printer paper or card stock.
2. Color the ornaments as desired.
3. Cut out the ornaments.
4. Crease on all of the solid lines.
5. Cut out a piece of yarn about 8 inches in length.
6. Tie a double knot at one end of the piece of yarn.
7. Tie a loop for hanging at the other end of the yarn.
8. Fold the ornament to determine where the top is.
9. Glue the knot to the inside of the ornament near the top. Leave the rest of the yarn (including the loop) hanging out of the top.
10. Fold the ornament and glue the tabs. Hold the glued tabs a few seconds.
11. When the ornament is completely dry, hang it up.

Alternatively, you can use string in place of yarn to hang the ornament. Simply thread some heavy string through a needle and poke the needle through the top of the ornament. Tie a loop and hang.
