Directions for Preparation

Laminate the “Complete the Pattern” page. Cut out the cards on the following page and laminate them. There are more cards than are needed for the game. You can adjust the difficulty level of this activity by changing the number of cards you give the child. The easiest level uses the 5 cards that are needed to go in the boxes only. The most challenging level uses all of the cards.

Directions for Activity

Look at the pattern in each row. Place the card that completes each pattern in the box on the right.
